Dear Mr. Jacobsen:

I have reviewed your request for an appeal, to waive the fee requirement while your mine sites are in the revegetation phase, with Mr. Tony Gallegos. The Division can put your fees on an administrative delay on the basis of good cause. Mr. Gallegos was already planning to inspect your sites as per his May 21, 1998, letter to you.

In order to expeditiously place the mines on administrative delay for payment of fees, please do the following for our records. Check the box on the bottom third of the tear off form which says **"Fee not enclosed. Permittee requests an inspection to close out this permit."** Return that portion of the form to the Division. With your request in our data base, Mr. Gallegos will then inspect your site to determine if it is eligible for release. If you have further questions, please call me at (801) 538-5306, or Mr. Gallegos at (801) 538-5267.

Sincerely,

Mary Ann Wright
